§ 320. Credentialing and typing

(a) In general

The Administrator shall enter into a memorandum of understanding with the administrators of the Emergency Management Assistance Compact, State, local, and tribal governments, and organizations that represent emergency response providers, to collaborate on developing standards for deployment capabilities, including for credentialing and typing of incident management personnel, emergency response providers, and other personnel (including temporary personnel) and resources likely needed to respond to natural disasters, acts of terrorism, and other man-made disasters.

(b) Distribution

(1) In general

Not later than 1 year after August 3, 2007, the Administrator shall provide the standards developed under subsection (a), including detailed written guidance, to—

(A) each Federal agency that has responsibilities under the National Response Plan to aid that agency with credentialing and typing incident management personnel, emergency response providers, and other personnel (including temporary personnel) and resources likely needed to respond to a natural disaster, act of terrorism, or other man-made disaster; and

(B) State, local, and tribal governments, to aid such governments with credentialing

and typing of State, local, and tribal incident management personnel, emergency response providers, and other personnel (including temporary personnel) and resources likely needed to respond to a natural disaster, act of terrorism, or other man-made disaster.

(2) Assistance

The Administrator shall provide expertise and technical assistance to aid Federal, State, local, and tribal government agencies with credentialing and typing incident management personnel, emergency response providers, and other personnel (including temporary personnel) and resources likely needed to respond to a natural disaster, act of terrorism, or other man-made disaster.

(c) Credentialing and typing of personnel

Not later than 6 months after receiving the standards provided under subsection (b), each Federal agency with responsibilities under the National Response Plan shall ensure that incident management personnel, emergency response providers, and other personnel (including temporary personnel) and resources likely needed to respond to a natural disaster, act of terrorism, or other manmade disaster are credentialed and typed in accordance with this section.

(d) Consultation on health care standards

In developing standards for credentialing health care professionals under this section, the Administrator shall consult with the Secretary of Health and Human Services.

§ 321. The National Infrastructure Simulation and Analysis Center

(a) Definition

In this section, the term “National Infrastructure Simulation and Analysis Center” means the National Infrastructure Simulation and Analysis Center established under section 5195c(d) of title 42.

(b) Authority**(1) In general**

There is in the Department the National Infrastructure Simulation and Analysis Center which shall serve as a source of national expertise to address critical infrastructure protection and continuity through support for activities related to—

- (A) counterterrorism, threat assessment, and risk mitigation; and
- (B) a natural disaster, act of terrorism, or other man-made disaster.

(2) Infrastructure modeling**(A) Particular support**

The support provided under paragraph (1) shall include modeling, simulation, and analysis of the systems and assets comprising critical infrastructure, in order to enhance preparedness, protection, response, recovery, and mitigation activities.

(B) Relationship with other agencies

Each Federal agency and department with critical infrastructure responsibilities under Homeland Security Presidential Directive 7, or any successor to such directive, shall establish a formal relationship, including an agreement regarding information sharing, between the elements of such agency or department and the National Infrastructure Simulation and Analysis Center, through the Department.

(C) Purpose**(i) In general**

The purpose of the relationship under subparagraph (B) shall be to permit each Federal agency and department described in subparagraph (B) to take full advantage of the capabilities of the National Infrastructure Simulation and Analysis Center (particularly vulnerability and consequence analysis), consistent with its work load capacity and priorities, for real-time response to reported and projected natural disasters, acts of terrorism, and other man-made disasters.

(ii) Recipient of certain support

Modeling, simulation, and analysis provided under this subsection shall be provided to relevant Federal agencies and departments, including Federal agencies and departments with critical infrastructure responsibilities under Homeland Security Presidential Directive 7, or any successor to such directive.

PRIOR PROVISIONS

A prior section 321, Pub. L. 107-296, title V, § 510, as added Pub. L. 108-458, title VII, § 7303(d), Dec. 17, 2004, 118 Stat. 3844, related to urban and other high risk area communications capabilities, prior to repeal by Pub. L. 109-295, title VI, § 611(5), Oct. 4, 2006, 120 Stat. 1395.

§ 321a. Evacuation plans and exercises**(a) In general**

Notwithstanding any other provision of law, and subject to subsection (d), grants made to

States or local or tribal governments by the Department through the State Homeland Security Grant Program or the Urban Area Security Initiative may be used to—

- (1) establish programs for the development and maintenance of mass evacuation plans under subsection (b) in the event of a natural disaster, act of terrorism, or other man-made disaster;

- (2) prepare for the execution of such plans, including the development of evacuation routes and the purchase and stockpiling of necessary supplies and shelters; and

- (3) conduct exercises of such plans.

(b) Plan development

In developing the mass evacuation plans authorized under subsection (a), each State, local, or tribal government shall, to the maximum extent practicable—

- (1) establish incident command and decision making processes;

- (2) ensure that State, local, and tribal government plans, including evacuation routes, are coordinated and integrated;

- (3) identify primary and alternative evacuation routes and methods to increase evacuation capabilities along such routes such as conversion of two-way traffic to one-way evacuation routes;

- (4) identify evacuation transportation modes and capabilities, including the use of mass and public transit capabilities, and coordinating and integrating evacuation plans for all populations including for those individuals located in hospitals, nursing homes, and other institutional living facilities;

- (5) develop procedures for informing the public of evacuation plans before and during an evacuation, including individuals—

- (A) with disabilities or other special needs, including the elderly;

- (B) with limited English proficiency; or

- (C) who might otherwise have difficulty in obtaining such information; and

- (6) identify shelter locations and capabilities.

(c) Assistance**(1) In general**

The Administrator may establish any guidelines, standards, or requirements determined appropriate to administer this section and to ensure effective mass evacuation planning for State, local, and tribal areas.

(2) Requested assistance

The Administrator shall make assistance available upon request of a State, local, or tribal government to assist hospitals, nursing homes, and other institutions that house individuals with special needs to establish, maintain, and exercise mass evacuation plans that are coordinated and integrated into the plans developed by that State, local, or tribal government under this section.

(d) Multipurpose funds

Nothing in this section may be construed to preclude a State, local, or tribal government from using grant funds in a manner that enhances preparedness for a natural or man-made
